### **Regulations for campaign material for internal AAU elections to governing bodies**

The Rector and Pro-rector welcome the opportunity for students to campaign for their election to governing bodies at Aalborg University by displaying campaign posters and distributing campaign material.

However, it is essential that these activities take place in a respectful way that does not cause damage to walls, floors, glass, doors, etc. Therefore, candidates are required to contact Facility Support to obtain approved adhesives and instructions on where campaign material may be displayed.

The Rector and Pro-rector urge candidates to ensure they comply with section 27 (1) of the election rules ('Candidates must run their campaign in a fair and decent way'). Furthermore, they urge to keep your distance and to ensure good hand hygiene.
